Everett Beaver Announces for County School Superintendent

Everett Beaver has authorized The Herald to announce that he is a candidate for re-election as County School Superintendent of Jones County. He has issued the following statement to voters of Jones County.

Please accept this expression of appreciation for the trust you have placed in me. It has been an honor and a privilege to serve as your county school superintendent for several years. A public office is a public trust; as an elected official I have always kept this in mind, and the affairs of the office have been conducted accordingly.

In addition to expressing my appreciation for the privilege of serving as your county superintendent, this means is taken to ask re-election. If you choose to keep me in the office, I pledge the same type of service you have always received — honest, courteous, prompt, and efficient.

My qualifications have been submitted before, but please allow me to review these with you.

I am fifty five years of age and am married to the former Muriel Kelso. We have two daughters — one eleven and the other thirteen. I have served my town, county, state, and nation as an active, participating citizen. I shall continue to serve actively in the same manner.

I am a graduate of the Hamlin High School and hold the bachelor and master degrees from the University of Texas, with specializations in administrative education, Spanish, and the social sciences. My formal education has been supplemented constantly with training in service by attending professional meetings, reading, taking short courses, and use of other means of keeping informed. As long as I serve, you are assured I shall keep pace with current practices, not

New Regulations Now In Effect on Issuance of Marriage Licenses In State; Higher Fee, Too

New regulations governing the issuance of marriage licenses went into effect Jan. 1. Roy Thorn, Jones County clerk, reminded Monday.

Principal change is that an "Application for Marriage License and Consent of Parent or Guardian" must be filled out before license is issued. These applications are forwarded to the state by the clerk.

The application contains no questions which were not formerly asked of applicants. Although there is space to indicate date and place of marriage.

Applicants must swear to this statement: "Each party hereto, for himself or herself,

individually and together, solemnly swear that the information set forth hereinabove in this application is true and correct; that neither party is disqualified or incapable of entering into the marriage relation; that the parties are not of the relationship prohibited by law, and that there are no legal impediments to such marriage."

Proof of age must be given of each applicant and if the boy is under 21 years or the girl is under 18 years, consent of a parent is necessary. Under the new law, the father's consent must be obtained unless the father is dead or the mother has legal control of the child.

A health certificate must be submitted with this including

a blood test. There no longer is a three-day waiting period between the date of the issuance of the license and the time of marriage. This change was effective on Sept. 1 of last year. However, health certificates are good only for 15 days so a marriage license must be used within that time.

The county judge has the right to waive permission of parents or proof of age. He also can waive the health certificate if he feels circumstances warrant this waiver.

However, the judge can not grant permission for any marriage where the girl is less than 14 or the boy is less than 16 years of age.

Oh yes, the cost of the license: That has gone up too— from \$3.00 to \$4.00

FROM THE EAGLE'S BEAK . . .

Wednesday afternoon, the students of McCauley School began the Christmas Holidays for 1965. Everyone was filled with the excitement of Christmas vacation and plans for the yuletide season. Some even had plans to catch up with some extra studying for those mid-term exams to be given soon after the holidays. However, most of those big plans fell through with the laziness of vacation time overpowering them.

During Christmas and the New Year, the student body took a nice rest, but from the looks of things the school custodian, Bill Young and the Job Core boys were at work waxing the classroom and gym floors. Monday, the school was spic and span, ready for the remainder of the school year.

After the week of rest, the students found it kind of hard to get started on the school work, but, by the end of the week I'm sure we'll again be accustomed to the busy schedule.

The early schedule has come to pass and classes are once again from 8:00 to 3:15.

WANTED: Good Wheat for Pasture. Would like 100-150 acres. Call Peacock BL 6-2117 or Joe R. Meador, Rt. 1, Peacock.

Now we will be able to get a few hours extra sleep, or should we say we'll be able to stay up a few hours later. The only problem with getting adjusted to the regular schedule after returning to it is remembering to go to the lunch room instead of the gym. For most of us this will be easy to become accustomed to.

Everyone knows this is the time of the year for making those New Year's Resolutions and of course the students of McCauley High have made some for 1966. The boy's basketball team resolved to live up to that nice write up in the Abilene Reporter News, and capture the title, district champs 1966.

The girls team is determined to get that sixth player even if they have to dress Marion Reed up as a girl. They are also hoping for that first win of the season.

The senior class made up their minds, to decide on where they will go on their trip by January of 1967. The Juniors will help them decide. As far as the Sophomore class goes I'm not for sure they have any New Year's Resolutions, except maybe to become Juniors. The Freshmen will be glad to become upperclassmen in the new year. They are already getting ideas for helping the eight graders in any way they can when they enter High School. The faculty's resolution for the year, is to teach the students as much as they can and with determination and prayer last until next year.

The Junior High started 1966 off right by both boy's and girl's teams defeating Highland, here Monday night.

High School opens district with Divide Tuesday night and Blackwell Friday night.

Everyone had a fine holiday and a nice rest, but have in mind next week, when that familiar time rolls around, MID-TERM EXAMS, with hopes for the best.

News of the holidays filled the halls of H. H. S. this week. Now let's put away our toys and settle down to our normal routine — studying.

HHS

Some of the smiles on the students excited faces were short-lived when the teachers informed their pupils that six-weeks test would be given this week. Next week mid-term tests will be given. Looking on the bright side of things, we realize that we have reached the half way mark and that school will soon be out.

HHS

Our basketball teams have really been busy over the holidays. December 28 they traveled to Jayton where the girls won and the boys lost. On December 31 the girls defeated the Aspermont Hornets with the boys losing a hard-fought game. District play begins again on January 4 with games at Haskell. This game will be followed with Winters playing on our home court January 7. On January 11 the boys complete this week of basketball play at Colorado City. The entire student body is backing our teams, so let's win district!

The Marvels of God's Creations

WHY DO FISH LIVE IN WATER? We can answer this

question partially by saying: that their lungs were

created to draw oxygen from the water. However, to

know how and why, we must look to God's word.

"In the beginning God created the heaven and the

earth." ... "And God said, let the waters bring

forth abundantly the moving creature

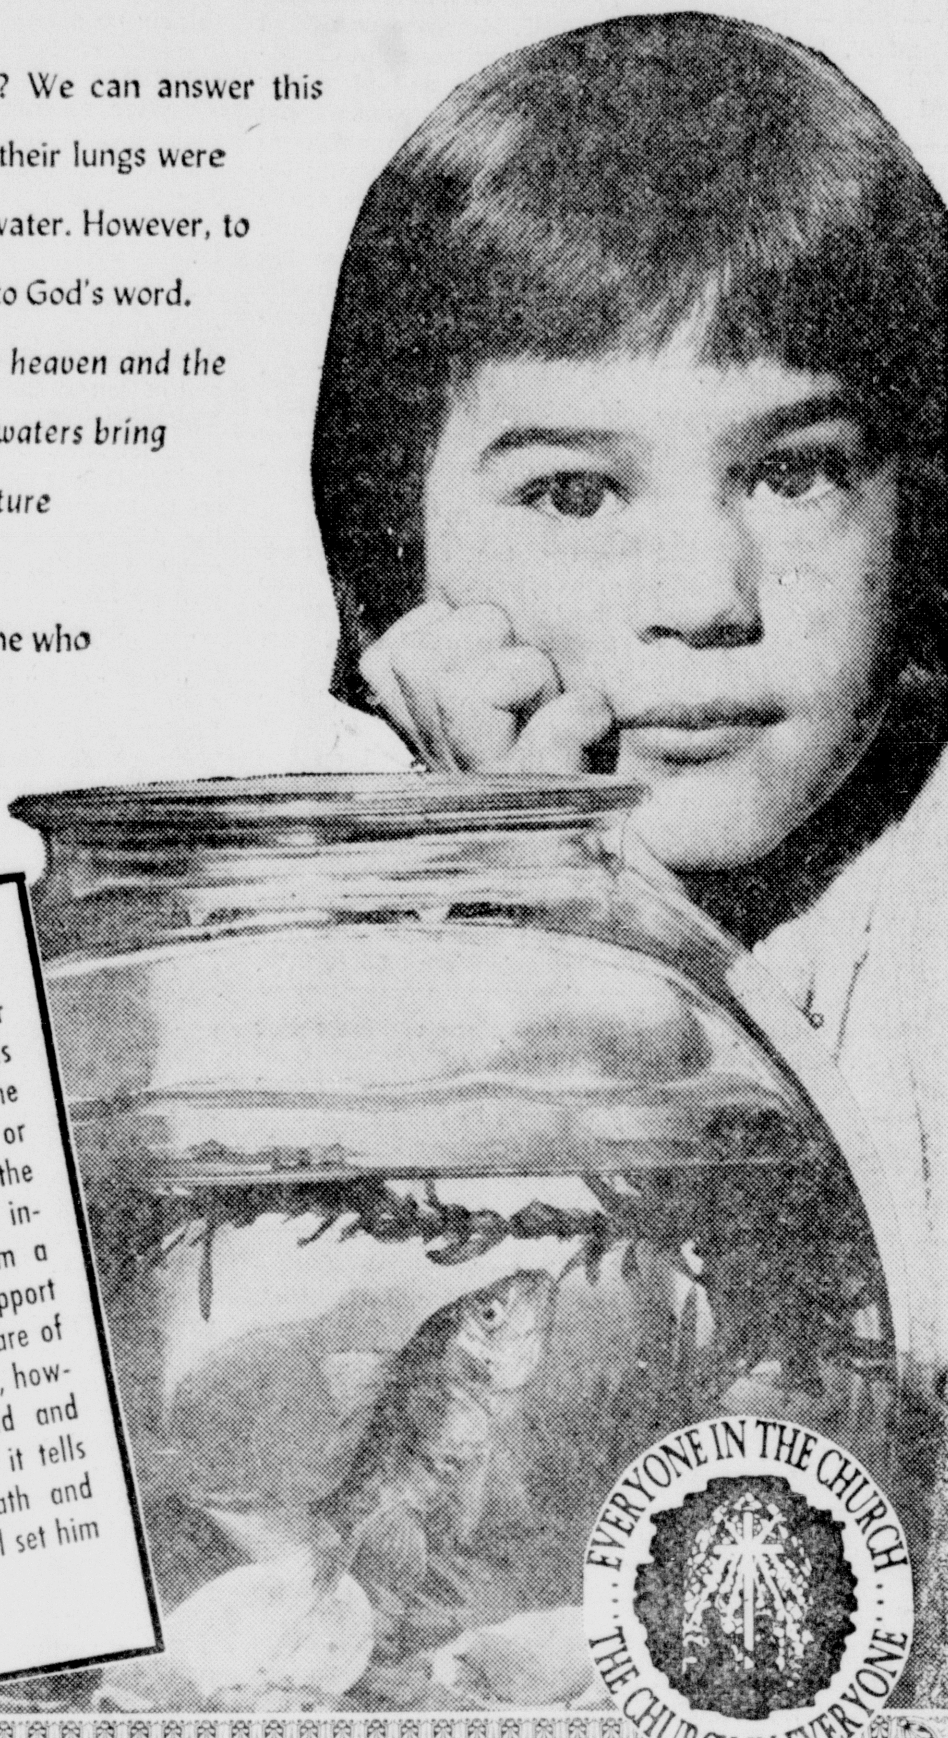

that hath life ..."

Attend Church and worship the one who

created these marvels.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner

That time of year has come again, a new year. The holiday season is all over, every thing is back to normal, children in school, every one back to work. Even though it is after the first of the year that long talked about winter spell hasn't come yet, Sunday was a beautiful cool, crisp, day, not cold not hot just right. Most times we have observed that when the warm weather lasted until after Christmas, that by New Year's a roaring blizzard would blow in, last a week or ten days, but so far this year they have all stalled before reaching our area. But we know they will have to come before winter is over, we aren't fooled one bit. It seems that every one must have survived all of the eating over Christmas. Didn't hear of a one having to go to the hospital, so guess we all had wonderful holiday season.

Since the Leveretts were away Sunday, Rev. L. L. Trott filled the pulpit both services. He came alone Sunday morning, ate lunch with the H. L. Ford's, then Sunday afternoon went back to Stamford for his wife, who was in services Sunday night. If anyone thinks you have to have a big crowd to have a wonderful service. They should have been present Sunday night. Instead of preaching on New Years resolutions, which are soon broken, Rev. Trott spoke on the topic of thanks.

After his sermon a testimonial service was held, in which all told of something for which they were thankful, and some pretty good sermons were given in a few words. Rev. Trott said that we used to say "I thank You", then it was shortened to Thank You, now we only say, "Thanks," he wondered how long before we would drop that and say nothing. Would be a dark day indeed when the world got to that point, when no one appreciated anything enough to say thanks to their fellow man and to their creator.

Fairview Church thanks Camp Joe Simpson for coming out Sunday morning to play the piano for us.

Ronald Joiner came last Monday and spent the day with his grand parents. We forgot to put last week that Bob Zeigler, the nephew of the Woodrow Goodwins that they kept so much when he was smaller, visited with them through Christmas week. Then

last week on Thursday, Bob and a cousin, Mickey Hogan, who at present is living at Spur, picked us Linda Good win and went to Fort Worth for the day. Bob is a junior at Texas Tech at Lubbock.

Mrs. Winson Gray visited with the Drakes and with Mrs. Flavil Holmes, Saturday afternoon.

We learned through the Drake family that Mrs. Catherine Richie is walking every where, without any aid, on her two artificial legs. She said she was going to walk again. That is what it takes, a lot of grit and determination. We take our hats off to her for having it.

Mr. and Mrs. E. C. Gray, parents of Winson Gray, from Anson, accompanied by their son E. C. Gray Jr., of Andrews, were visitors of the Winson Grays last Monday.

Sunday night and Monday visitor, of Mr. and Mrs. E. A. Henry, was Mr. Henry's sister, Mrs. Ethel Bullock, of Petersburg.

One past Saturday afternoon, Mr. and Mrs. Clois Henry and children, San Angelo, visited with his parents.

Mrs. Jimmy Joiner, Jeannie and Ronald, Stamford, spent Friday with the Elmer Joiners.

Mr. and Mrs. Jimmy Holmes and little daughter, of Big Spring, spent last week with his parents, the Flavil Holmes. Saturday, the Jack Wright family came over from Abilene for the day. Other dinner guest was Mrs. Earl Herbst, Hamlin.

Mr. and Mrs. Raleigh Bond are riding around in a new Ford car.

We, the Elmer Joiners, took off Saturday and Sunday, to visit with a sister, Mr. and Mrs. Henry Kee of Lubbock.

Mrs. Raleigh Bond was a Thursday afternoon guest of Mrs. Flavil Holmes.

We were really surprised when traveling west of here Saturday afternoon to see so much cotton in the fields. Over around Rotan while fields of white cotton are still on the stalk, gins are full up, strippers were running full speed Sunday afternoon in many fields.

First Baptist WMS Has Program On Indians of Mexico

The Woman's Missionary Society of First Baptist Church met Tuesday in the chapel for the program, Indians of New Mexico. The interest center included Indian blankets, hats, pictures and jewelry.

Those on the program were in Indian attire. Mrs. Byron Bryant opened the program with Psalm 43:3. She then related some of the history of the New Mexico Indians. Mrs. Bill Chapman told of the Indians of New Mexico. Mrs. Edgar Duncan spoke on Their Religious Beliefs and Why is it Hard to Reach the Indians? Mrs. Herman Wood told of How Baptist Work Developed, and How Does the Future Look? An Indian Prayer by Mrs. Bryant closed the program.

Mrs. Carl Young conducted the business meeting. Mrs. Paul Beasley led the closing prayer.

Mrs. Dorothy (Barina) Croan visited friends here in town this past week, giving us our first look at J. W. He is a handsome young man. Dorothy and J. W. will be living in Utah very soon.

It will be a little lonely for a few days as all our young people have gone back to

school or back to their camps. We shall miss them.

Mrs. Gladys Williams spent a few days last week in Anson Hospital for tests, seems every thing will be fine.

Mr. and Mrs. Woodford Pursly returned home last week bring the grandchildren with them, they spent this week and were carried home on Saturday. The youngsters live in Big Spring.
